#### A ROORBACK NAILED.

Some days ago the Democratic papers published what purported to be a decision of the U.S. Supreme Court, delivered by Judge Swayne, to the fol lowing effect:

'The agreement with General Garfield, a member of Congress, to pay him \$5,000 as a contingent fee for procuring a contract which was itself made to depend upon a future appropriation by only come from a committee of which he was Chairman - was a sale of official influence, which no yeil can cover against the plainest principles of public policy. Certainly the courts o justice will never lend themselves to enforce contracts obtained by such in-

This statement first appeared in the World in the form of a telegram from Washington. It now turns out that Mr. E. W. Grant, the Washington correspondent of the World merely said in his dispatch that 'an enterprising journal had unearthed the following" &c., &c-, giving the above pretended decision, and that Mr. Hurlburt, the managing editor of the World transform d it into a regular dispatch.

In the meantime Judge Swayne wro'e a letter to the effect that so far as he was concerned the statement was false. Here is what Judge Swayne says:

"So far as I am concerned there is an entire misstatement. I never wrote word of what is attributed to me. I never knew anything of the facts of the matter charged against Gen. Garfield, and the care was never in any shape before the Supreme Court. I had therefore neither occasion nor opportunity to express an judicial opinion upon the subject. My confident impression is that I never heard of such a case before. Gen. Garfield is a personal friend of mine and I have the highest confidence in his inbe upset, and disaster, poverty, tegrity. The statements are an entire abrication and without a particle of truth o sustain them."

It turns out on examination that there never was any such case before the Supreme Court. It appears, however, that ex-Sepator Doolittle was counsel in the case of Burke vs. Child, and did get that case before the Circuit Court of the District of Columbia. The DeGolyer case never was before any

WM. H. HOWE, SR. A Striking Comparison.

Congressman McKinley was interviewed the other day by the Cincinnati Commercial, when he remarked that this would not be a personal canvass between Garfield and Hancock, though Garfield would have the advantage in a comparison of records, but it would be a contest between the two parties as to which is most fit to be trusted with the government of the country. Mr. Mc-Kinley then made the following striking comparisons:

In 1860, after twenty years of Democratic rule, a government 6 per cent bond sold for eighty-nine cents. In 1880, after twenty years of Republican rule, a government 4 per cent.

In 1860, after twenty years of Democratic rule, a loan of \$18,000,000 ex hausted the market for six months. At the end of twenty years of Republicau rule a loan of \$150,000,000 was

taken in a single day. In twenty years of Republican rule

tured articles of 225 per cent. An increase of internal commerce of 700 per cent.

An increase of railway mileage of 187 per cent. In 1860, after twenty years of Democratic rule, Congress authorized a loan

These are facts which the people are not likely to forget. They touch the very marrow of the question at issue this year. It is no answer to these striking facts for the Democratic journals to say that General Hancock was 'a superb soldier." The question is whether the Democratic party, with its bad record, or the Republican party, with its good record, shall be given control of the government.

The Grand Lodge of the Good Samiritans met at Statesville on the 20th, July.

Nevertheless, we think ne will be beaten. The deep distrust of the Democrats which the events of the civil war inspired in the Union men has not yet died away; there is a great reluctance to intrust them with the Presidency, and research clearly never that the Presidency. and recent elections show that the Re publicans, when united, still have a majority. Their adversaries, moreover, though they have at last inserted "hard money" among the planks of their platform, are regarded with suspicion by capitalists and by bondholders, now an immense class, scattered all through the Union. The advocates of paper money, who some years since so shook the fidelity of western Republicans, are declining in strength under the pros-perity produced by recent harvests, they have lost ground with practical men by accepting temale suffrage, and their alliance with Dennis Kearney and the "Party of Labor" frightens all the freeholders and the majority of decent people. As between the parties, the Republicans should win, and as between the men, all the elements of popularity are with Gen. Garfield. His omination was received with enthusiasm by his own party, and delights almost all Americans not hostile to his political principles. He embodies their dea of a career. The average small freeholder who, in the last resort, rules the Union, sees something dramatic in the election of a man who was once a day laborer to the Presidency of the Republic, something which realizes his boast that in the United States all careers are so free that any American lad may hope one day to find himself in the White House. He is himself exalted in such a man's election, and this none the less because Gen. Garfield is now a man of culture and experience in politics. That feeling, not altogether without warrant, if equality of chances in life is a true Republican idea, greatly helped the election of the 'rail-splitter,' Abraham Lincoln; and the result of that choice-the most successful ever

made by the Union-will help to smooth the path of Gen. Garfield, whose character, again, attracts the higher class to which he now belongs. Gen. Hancock, on the other hand, though in his to arouse enthusiasm among voters who those subjected to it 'aristocrata' out of sympathy with the body of the people. There is nothing dramatic about Gen Hancock's career, nothing to awaker power lies, and where the quiet, regular officer is regarded with a disfavor which sometimes breaks out in the oddest manifestations. As against Gen. Garfield, whose war record is also a good one, Gen. Hancock is not a candidate who can supply by his mere popularity

The following resolutions were unanimously adopted :

Resolved, That from past experience f the workings of the Democratic party, we know that it is their aim to break down the strong and protecting arm of the National Government, and to establish state rights and secession in its stead, and that the nomination of Hancock for President, was made solely to carry out the solid south and shot-gun policy of South Carolina, and thereby do away with the 13th, 14th and 15th Amendments to the Constitution of the United States, and to reinslave four millions of citizens, There-fore, we do denounce and hold in utter contempt all their promises as utterly worthless and untruthful believing that the fight at the ballot-box in November depends on our solid union in the support of the true Lepublican party, we will not support any man for efficient a true and tried Republican.

EDITOR POST:-The political situation in the Palmetto State is not entirely satisfactory to Democratic leaders. The Republican corpse, as the Democrats have [been pleased to call our party for the past four years, is beginning to show an unexpected one to the Democrats, a very unwlecome amount of vitality, nerve and backbone. Garfield and Arthur Clubs are organizing all over the state and enthusiastic ratification meeting, are being held. It has been pretty well determined to put in the field a full state ticket composed of the very best material we have. Such men :s Judge Melton, the veteran Winsmith, Col. R. Tabbot, Col. R. M. Wallace, Hon. E. W. M. Mackey and others of like character, standing and ability. With such leaders as these we are sure to win if we can obtain any thing like a fair election and an honest count. This unexpected resurrection of the party that was burried four years ago with rifle clubs and red-shirt banditti, and two years ago with tissue ballots, is other side not a little uneasiness. Besides this the plebiams who con-

stitute the rank and file of the Demicratic party, are disgusted with the haughty and overbearing treatment they receive from the royal family whom these obedient slaves have once more elevated to place and power, and threaten to kick out of the party traces. In several localities the standard of revolt has already been raised, and the elect are trembling, lest the defection should spread throughout the state and ultimately deprive them of the scep'er of power and the public exchequer. They are beginning to appreciate the necessity of making some concessions to the common people as was pointedly evidenced a few days ago by the appointment of Mr. Hugh Ferguson to be sheriff of Cha-leston county, vice, 'the late Hon. C. C. Letter from Greensboro. GREENSBORD N. C. July 26:b 1880 EDITOR WILMINGTON POST.

DEAR SIR:-Your valuable Post brings to the Republicans of the up country the welcome intelligence of the nomination of Mr. Canaday for Congress. It is only recently that the people of this and the western portion of the state have learned of the power and lufluence of yeur nominee. Certainly no Republican so young as he. enjoys the confidence of the state for energy and courage more than William P. Canaday. He undertakes any task set before him, however Hercule: n it may be, and victory is sure to be with him in the end.

If elected to Congress the pledge of your convention to relieve the Cape Fear River and its tributaries of the urjust monopoly which prevents free navigation, will be dissolved, and the river kept open by appropriations from the U.S. government as is the case with the Neuse and the Trent Rivers in this state and many other treams of much less importance in other states.

Your resolutions adopted in convention say "the Cape Fear and its tributaries." This is good; for it is known that Black River, for a moderate amount, can be made navigable the year round to Beatty's Bridge in Bladen county and for two thirds of the year to Maxwell's Bridge near Autry's store in Sampson county; and the Coharie to a point near Clinton. Appropriations are made by Congress every year for much less feasible jobs in other states, then why not have a live, pushing energetic and enterprising man like Canaday in Congress for the Third District? Let every bady interested in class of people here who have always the material prosperity of the state assist by vote or influence in his election.

Yours Truly JUBAL.

#### CELEBRATED LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DVSPRISIA AND SICK HEADACHE.

Symptoms of a Diseased Liver. PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stori-ach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sen sation in the back part. There is gen-erally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight,

dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy.

Several of the above symptoms attend the disease, but eases have occurred where few of them existed, yet exam-ination of the body, after death, has shown the LIVER to have been exten-

sively deranged. AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN DR. C. MCLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are un-

Brooks upon Charles Sumner, in 1856. He was one of the 12 northern memmembers. The majority report, 95 members having voted to expel Brooks,

The Washington Star has the brass to say that "no single southern state (except Mississippi before the war) has unity, or discipline, as becomes the or- as a necessary element in the body porepudiated its obligations." North dinary human being, But no one need litic. Nor is the laboring population Carolina has repudiated \$27,000,000 of her bonds under Vance. South Carolina repudiated her bonds under Hampop. Louislana hers under Nicholls, Georgia hers under Colquitt, and Arkansas hers under Brooks. There are other states which have done worse than these. A notable one is Virginia which has for years teen absolutely

bankrupt under Democratic rule. Hancock bears the same relation to Garfield in the matter of statesmanship that a quack doctor does to a regularly trained physician. All of Hancock's ideas on political questions are necessarily crude and ill-digested. Hancock cannot in any sense be considered a statesman, in the sense in which Gen. Sherman, Gen. Schofield or Gen. Terry can. Garfield, on the other hand, is a statesman of the very highest class, whose opinions are adjusted to well defined principles, whose familiarity with affairs is the result of long study and experience, added to his large capacity of brain. He is a master among the highest class of statesmen, fitted to sit at the helm of state, while Hancock, if e'ected, would have to be coached and crammed, as Jere Black and others coached him before he was sent to Louisiana to violate the statutes of the United States.

#### OUR THIRD DISTRICT.

It is not our purpose in this article to predict results at the polls in November, as to our candidate, the Hon. William P. Canaday, but rather to submit certain considerations regarding the aspect of things in the District, and the respective merits of the two candi-

In 1868 Oliver H. Dockery, rep., was elected to the 40th Congress, practically without opposition. His term expired and in the election previous to its expiration Alfred M. Waddell, dem., ran against him and by an unfortunate defection against Dockery, Waddell, leading a forlorn hope, defeated him, while the ratural Republican majority of the Of the Eighth Congressional District. then District was about 1,500. The Democratic legislature of 1870 took from the Third District the counties of Anson, Richmond and Robeson, and put on the counties of Moore, Harnett and Carteret, thus "fixing up" a district for Waddell with about 1,600 majority. In this new, and for the Republicans, nearly hopeless district, Waddell's majority against Neil McKay, in 1872 was only 729. In 1874, however, Neil Mc-Kay still running for the Republicans, Waddell's majority rose to 1,287.

In the election of 1876 when W. P. Canaday first ran against A. M. Waddell, he increased the Republican vote from 14,285 in 1874, to 15,796 in 1876, making 1,511 over McKay's vote. Waddell's vote at the same time rose from 15,572 in 1874, to 17,544 in 1876, or 1,972 increase over his vote in 1874. It was observable at the time that Waddell's increase was confined mostly to the counties of Columbus, Sampson, Duplin and Onslow where the Democrats had almost entire control of the voting machinery. We merely mention that fact now, not for the purpose of true: parading a supposed fraud before the REPUBLICAN CONGRESSIONAL public, but to show that the Democratic majority was not in 1876 so great as was returned, and that Canaday was probably elected then.

Mr. Canaday was then nominated again in 1878, but voluntarily declined in favor of Judge Russell towards the close of the canvass. When the voting came, to the surprise of nearly everybody, it was found that the Democratic vote had fallen off 6,794, as per Waddell's vote of 1876, and the Republican vote had fallen off 4,185 votes as per Canaday's vote of 1876. Waddell received only 10,730 yotes and Russell only 11,611 votes, and was elected. But if Waddell had received as many votes as he did in 1876, instead of the falling off from that vote of 6,791, he would have beat Russell 5,912 votes.

Now, in the face of these facts, the Democrats, having snubbed both Waddell and Major C. M. Stedman by refusing to nominate either of them, each of whom are strong men among the Democrats, of the !district, they went over into the county of Onslow, and named Shackelford, who had never given any evidence that he was qualidistinction of any kind. His nominabers who voted with the 83 southern tion was in fact an accident, having no places at the south with the colored significance, excepting that the delegates wanted to go home, and that the Keitt and Edmondson, was in favor of friends of Stedman and Waddell were expelling the three. In the meantime the Republicans have nominated a candidate who has a great deal to be said of him that is for his advantage. Mr. Canaday entered the service of the city of Wilmington in 1867, and after holding various positions became Mayor, which position he held five years. We believe it is generally conceded by people of all parties that never a more acceptable Executive officer sat in the Mayor's chair. He has left monuments to himself in various permanent and beneficial improvements to which the city is indebted to him, as also in the improvement of the schools, in the peace and good order of the city, and its general prosperity. In the two canvasses in which he led as the candidate for Congress his plans and combinations were energetically and most vigorously carried out, as is shown by his largely increased vote. He has also held since April 1st, 1877, the position of Collector of Customs of this Port, which he has filled to the satisfaction of the Department and the commercial community of the city, it being the most important office of customs in the state.

This is the third time that he has been called by the Republicans to receive their suffrages for Congress. During these years he has been constantly growing in the good will of the public, as well as in the elevation to those high positions among the leaders of the party, like his membership to two national conventions, and as rep resenting North Carolina on the National Republican Committee, and on the Executive Committee which conducts the present campaign. It is seldom that a candidate goes before the people with a cleaner record, with truer or more inflexible principles as a Republican, or more boldness in defending the great progressive measures of Republicanism. It will be fortunate for the Cape Fear District if they send W. P. Canaday to Congress as, we believe they will do, when they come to the polls in November.

#### AN APT ANSWER. The Morning Star (N. C.), in re

ing to an editorial note of The Inter

This is the same old scare. The col-

ored people of the south fare about as well as the laboring classes of the north, and are a great deal harpier and more contented. They vote in North Carolina, which cannot be said of over a hundred thousand white men in Massachusetts and Rhode Island. Now, we do not doubt that the col-

ored people of North Carolina are treated better than in most of the states of the south. But the comparison of heavy blows at "him and his'n." He their condition with the laborers of the north, that they are "a great deal happier and more contented," is only the plausible old boast of slavery days. Just what the editor means by the assertion that "over a hundred thousand white men in Massachusetts and Rhode Island" do not vote we do not understand. No shot-guns, or red-shirt brigades, or black-snake whips are held over them. No tissue ballots are crowded in, either, to count out their honest votes. What The Inter Ocean said was "Elect a Democratic President, and the black man of the south will feel that his future is well nigh hopeless." The election of a Democrat, and the installation of the avowed enemies of the black man in supreme power, will cause such an emigration from the south as has never before been witnessed .- Inter Ucean.

All the time when the southern Bourbons attempt to compare the condition of the black laborers with the laboring element of the north to the disadvantage of the latter, their shallowness of reasoning is apparent. Southern Democratic politics has in fact no "case on all fours," as the lawyers say. To say that they, the Bourbons, are "the best friends of the negroes," in the sense in which it is frequently said in the southern papers, is absolutely silly, "stale, flat and un-

The party looks upon Hancock's election as being a foregone conclusion. It has a right to do so. We welcome these signs of confidence. We rejoice in the universally prevailing feeling of good cheer.

There probably never was a nomination within itself that created as much enthusiasm throughout the Shade of George Washington! Farewell! The Post only said:

Mr. Felton, an Independent Congressman from the Seventh Georgia District, in a speech at Marietta, said of General Garfield:

have been on the same committee with him, and he is a gentleman of good morals, social, clever, and has a grand intellect; intellectually he has no superior in the House. He is a good man, has a mind of inexhaustible resources, and I have not a word to say to detract from his integrity.

Thousands of people are writing to Gen. Garfield asking about all sorts of things such as the education of their sons, the management of their farms, and the investment of their money. Autographs and photographs are in great demand. One man sends a check for \$150, and wants General Garfield to buy him a horse; a woman in Minnesota sends for the measure of his foot so as to kuit him stockings: shoemakers want to make him boots, and tailors clothes; ladies send him neckties and embreidered handkerchiefs. On almost every conceivable subject does somebody write him, and the number of men who were in favor of his nomination, and advocated it long before the Chicago convention, or any body else thought of it, is incredible. To all of these letters General Garfield sends

The Democrats of Indiana are very miserable. Some of them want Landers, their candidate for Governor taken down and Col. Gray put up in his stead. The Charleston Republicans say that in 1876 the late C. C. Bowen "was offered \$50,000, removal of all opposition to his re-election as Sheriff, and a guarantee that the fees of his office should be promptly paid, if he would betray 6,000 votes in Charleston," Bowen

The Pee Dec Herald has heard that somebody has raised \$25,000 wherewith to buy up North Carolina for the Bepublicans. The Herald ought not to have let this secret out, for the temptation of \$25,000 is enough to demoralize the whole of its party. The Herald has also beard that Gen. Garfield is going to take his seat as President whether he is elected or not. That is not Garfield's style at all. He is not enough like "the martyr Tilden" Tilden "the reformer," as is evident from the cipher dispatches by which he sought the Presidency to which he was not elected. Neither Garfield nor the "superb soldier" Hancock will try any of these tricks, after the bad luck of the great cipherer of "No. 10 Gramercy Park."

EDITOR POST:-The political situation in the Palmetto State is not entirely satisfactory to Democratic leaders The Republican corpse, as the Demo crats have been pleased to call our party for the past four years, is beginning to show an unexpected one to the Democrats, a very unwlecome amount of vitality, nerve and backwas exploded by the fact appearing bone. Garfield and Arthur Clubs are that John Pancock left no children at organizing all over the state and enmeetings, are being held. It has been pretty well determined to put in the field foolish canard which was floating in all full state ticket composed of the yery best material we have. Such men as Judge Melton, the veteran Winsmith. John Agnew Esq., Col. Wm E. Earle, Col. R. Tabbot, Col. R. M. Wallace, Hon. E. W. M. Mackey and others of like character, standing and ability. With such leaders as these we are sure to win if we can obtain any thing like a fair election and an honest count. This unexpected resurrection of the party that was burried four years ago with rifle clubs and red-shirt banditti, and two years ago with tissue ballots, is giving the political Satraps on the other side not a little uneasiness. Besides this the plebiams who con-

stitute the rank and file of the Demccratic party, are disgusted with the haughty and overbearing treatment they receive from the royal family whom these obedient slaves have once more elevated to place and power, and threaten to kick out of the party traces. In several localities the standard of revolt has already been raised, and the elect are trembling, lest the defection should spread throughout the state and ultimately deprive them of the scepter of power and the public exchequer. They are beginning to appreciate the necessity of making some concessions to the common people as was pointedly evidenced a few days ago by the appointment of Mr. Hugh Ferguson to be sheriff of Charleston county, vice, the late Hon. C. C. Bowen. Mr. Ferguson belongs to that class of people here who have always whenever their Bourbon masters took snuff, and Mr. Ferguson has in late years, done some tall and very linestimable but very effective work in promoting the peculiar methods of Democratic electioneering work which would doubtless entitle him to at least a tem porary residence on the classic Hudson, it his merits could be fairly brought before an impartial tribunal of awards.

the royal palace and asked for his pay our county is going to be up and doing, in the shape of a good, fat office, the in the coming election. We do not Bourbons opened their eyes wide with a shock of astonishment, that this "hewer of wood and drawer of water," should presume to aspire to the dignity and power of a high official.

There is no doubt that political sentiment in South Carolina is ripe for a great revolution. All that is needed is a bold, able and fearless leader. Will no one rise up from the people and seize the golden opportunity? Have we no Mahone among us to mount the crest of the gathering waves and ride on to eminence and power? Where, is Mart Gary? The national and proper political place of every mechanic, every laboring man, every artisan, every body in the humbler walks of life is in the Republican party: But the white men of the south, belonging to these classes, do not as yet possess the moral courage to assert their freedom and absolve themselves from their old political masters.

The day is not far distant, however, when they will see where their true interest lies, and under the inspiration of a new manhood they will rise up and case to look after. Mr. Canaday will throw off the humilating thraldom that has for a century bound them to the Moloch of a self constituted and self mines. He is a man of great energy righteous aristocracy, which does not believe that the poor man has any good. rights which they are bound to respect.

In the meantime the Bourbon leaders are secretly but busily laying their plans for carrying the fall election at all hazards. We already look for a return of the artillery, rifle, and sabre clubs, red-shirt riders, and tissue ballots. Already the Bourbon newspapers are foreshadowing the cause they mean to pursue, and the frauds they contemplate, in their repeated declaration that the colored voters are tired of the Republican party and are rapidly allying themselves to the Democracy. They are already claiming a hundred thousand majority for the Demecratic ticket in this state.

The whole Democratic vote in this state does not exceed, at the very outside figures, sixty-five thousand. But their game plainly is to perpetrate their their rascality, claim that all the Re- gray. publicans in the state voted the Democratic ticket. This is no new idea. The colored people will never vote any other than the Republican ticket in South Carolina. They know that the Democratic party is the party of slavery and oppression. and that the Republican party is the party of freedom, equal rights and exact justice to all.

Letter from Greensboro. GREENSBORO N. C. July 26: b 1830

EDITOR WILMINGTON POST. DEAR SIR:-Your valuable Post brings to the Republicans of the up country the welcome intelligence of the nomination of Mr. Canaday for Congress. It is only recently that the people of this and the western portion of the state have learned of the power and influence of your nominee. Cer tainly no Republican so young as he. enjoys the confidence of the state for energy and courage more than William P. Canaday. He undertakes any task set before him, however Hercule: n it may be, and victory is sure to be with him in the end.

If elected to Congress the pledge of your convention to relieve the Cape Fear River and its tributaries of the unjust monepoly which prevents free navigation, will be dissolved, and the river kept open by appropriations from the U.S. government as is the case with the Neuse and the Trent Rivers in this state and many other streams of much less importance in other states.

Your resolutions adopted in convention say "the Cape Fear and its tributaries." This is good; for it is known that Black River, for a moderate amount, can be made navigable the year round to Beatty's Bridge in Bladen county and for two thirds of the year to Maxwell's Bridge near Autry's store in Sampson county; and the Coharie to a point near Clinton. Appropriations are made by Congress every year for much less feasible jobs in other states. then why not have a live, pushing energetic and enterprising man like Canaday in Congress for the Third District? Let every bady interested in the material prosperity of the state assist by vote or influence in his election. Yours Truly JURAL.

Letter from Moore.

MOORE Co., N. C. July 27th 1880.

EDITOR WILMINGTON POST: As the Post is the only Republican organ , published in the state which lives on through the hot and Ithe div season, and never fails to sound the true notes of Republicanism, I drep But when Mr. Ferguson went up to you a short letter to inform you tha make much fluss but at the proper time conservative old Moore asserts its will with potency. Our people will vote for Judge Buxton for Governor because he is a great and good man. We have confidence in his purity and uprightness. We have no confidence in Jarvis who to hood wink the people gave away millions invested out of taxes already paid to the Western N. C., Railroad to "save" a few hundred thousand necessary to complete the great work, and gave it away to foreign corporations.

> Our Senator Mr. Black will long be honored for his stern opposition to this fraud on the people. We hoped our sterling Republican Col. W. B. Richardson would have been nominated for elector. We are sure he would have become known to the lower counties as we know he would have accepted the position.

> The nominee for Congress, Hon. W. P. Canaday suits us. He is a peoples, man. He is not a lawyer but a working man and bas no client's particular work to bring capitalists to buy and develop our gold and copper and coal and has no axe to grind but the public

> He will advocate in the cast free rivers, and protect your fishing interests in the west, and work for our great mineral wealth in our section. We want just such a man in Congress. Three cheers for Garfield, Buxton and MOORE.

Of all the Presidential candidates from the beginning Washington alone can fairly be said to have been the "country's choice." Eleven candidates ran against him, among whom were John Adams and John Hancock; and yet of the electoral votes cast, which were seventy-three in all, Washington received sixty-nine.

### THE REPUBLICAN PLATFORM ADOPTED AT RALEIGH JULY

7th.

the Committee on Platform and Resolutions, reported from that committee the following:

Tne Republicans of North Carolina, in Convention assembled, renew the pledges made in all their former platforms. And they declare as follows:

1. That they cordially approve the nominations, recently nade at Chicago, of James A. Garfield for President, and Chester A. Arthur for Vice-President; and that they will most cheerfully and actively devote themselves to their election, as indispensable to the preservation of the Republican party, and of the Republic, in its integrity. And that they fully endorse the principles set forth in the platform, adopted by the Republican convention, which convened in the city of Chicago, on the 2nd day of June 1830.

2. That they have seen, with great apprehension and alarm, the rapid consolidation and engrossment of our railroad systems, by and under the control and ownership of foreign monopoliststhat such consolidation of capital gives power to the monopolists to oppress the labor of the country by unreasonable and unjust local tariffs and fares, and gives to them the power to control the legislative branch of government, in the passage of laws in their interest, and ruinous to those of the people; and that they have seen with regret, that these monopolists are making an insidious invasion among the leaders of the Democratic party, which culminated on the 17th day of June, in the engulfing and swallowing up of the whole Democratic State convention; and that while they have no desire or intention to make an unjust war upon these monopolies, they do demand that the Legislature shall pass laws to govern and control them. so that they shall not be permitted to discriminate against our own people. and place a reasonable limit on local tariffs and fares.

3. That they view with anxiety the condition of the Western North Carolina Railroad, which, through the hot haste and ill considered contracts of the Democratic state administration, is surrounded by legal troubles which afford no relief from taxation, and threaten to | in the Past. delay for a long time, if not altogether defeat, the completion of that work so necessary for the welfare and development of the state, and especially the western counties.

4. That the Republican party has always been the friend of education, and now again renews its pledge to the people of North Carolina to continue its efforts with increased vigor, until there shall be a complete and perfect system of public instruction.

. 5. That they recognize the mechanic and laborer as the bone and sinew of the land, and pledge themselves to protect their rights and promote their political, educational, and material inter-6. That the recent constitutional

amendments were passed by a convention which was not composed of a majority of elected delegates, and the control of which was stolen from the Republican majority, by an infamous and admitted fraud on the voters of Robeson county. This corruption, on the part of the Democracy, demonstrates the fact that their party will scruple at no violation of law in the interest of party supremacy; and that the Democratic party is not the friend of representative government or of the people. 7. That the present system of county

government in North Carolina is utterly subversive of the rights of the citizens is the grossest political robbery ever practiced in this, or any civilized country; is the most damnable fraud ever devised or sanctioned by any political party, and calls for the unqualified condemuation of all who have the name of freemen, without regard to party affiliation. We claim the right of the people to elect every officer in the state, from the Chief Executive down to the humblest official, and demand that this right shall not be denied nor abridged; that an honest count shall follow a free ballot, and the majority shall determine who shall enact and administer its

8. They denounce the Democratic party as an oligarchy, controlled by railroad corporations and aristocratic influences, and if not arrested in its course, it will overthrow the most cherished rights of the people The tenoency to the concentration of dangerous powers, for private and corrupt ends, in the hands of a few, has recently manifested itself in a vittal part of our State government, and in a way to excite the greatest apprehension. The Superintendent of Public Instruction, now endorsed by his party nomination, and without regard to the popular wish, has demanded to have vested in his hand, that is in the hands of a central board of which he should be the life, the absolute right of dictating what text books our children shall use, whereby he can mould the opinions of the rising generation; can strangle, for the benefit of personal or sectional tavorites, all competition in local literature, and open up for his office, so intimately connected with the popular life and purity, a faithful and profitable source of corrupt jobbery. That they denounce the laws known as the landiord and tenant acts, as devised for the benefit of a few, to oppress the humble and defenceless citizen. That they denounce the present road laws of the state, as oppressive to the laborer, and demand their amendment, so that burdens of building and repairing them shall be borne more equally by all classes of the peo-The report was adopted.

## LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHS.

Symptoms of a Diseased Liver.

DAIN in the right side, under the I edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

-) AND A (-

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, March 1st, 1878, we have paid particular attention to the buying of Bankrupt and Auction 1885 of Jewelry and

Watches, often buying at as low as one-tenth their value, and in no instance have we paid over one-sixth the manufacturers' price. Since starting we have always been able to dispose of these goods in Chicago and through our regular customers through out the country at nearly regular prices, as fast as we could procure them, but owing to the large number of failures among the heaviestdealers and manufacturers throughout this and other countries during the months of June, July and August (the time when the Jewelry business is stagnant), we have now on hand an immense stock of the most desirable goods we have ever handled. and which we have bought at lower prices than ever before. In order to dispose of this entire stock in the most spee y manner possible, and make room for new ones which we shall continue to buy, we have hit upon

We half continue to buy, we have bit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving apposite each article its regular retail value, and sell to you at the rate of Five Dollars' worth for \$1.00. For instance, on receipt of 50 cts. we will send you, FOSTPAID, any article to the value of \$2.50; on receipt of \$1.00 articles to the value of \$5.00, and so on throughout the entire list. Below we give a list of the most valuable of these goods.
